RE: Associated Dentists – Prairie Oaks Professional Building

Dear Dan:

I'm writing to express my sincere gratitude to you and Horizon Construction Group for the work performed at our Associated Dentists clinic in the Prairie Oaks Professional Building in 2006. Each member of your team was very professional, efficient, and organized which provided us with an outstanding dental facility.

From the beginning of our preconstruction process, Horizon was responsive to all of our needs and goals. Your estimating and project management team provided numerous options and value engineering items that gave us flexibility during project planning and truly added value to the overall project.

Throughout construction, your team ran a smooth project and coordinated the efforts of both Horizon subcontractors and our suppliers. This was extremely valuable given our very tight budget and schedule.

It has been a pleasure working with you and your company on the Associated Dentists clinic at the Prairie Oaks Professional Building. Please express my appreciation to everyone at Horizon Construction Group that was involved in this successful project. I look forward to working with your team again as we evaluate future locations.

Sincerely,

Mary McCully
