To Whom It May Concern:

Cedarlake Village, Inc., sponsored by the Mayslake Franciscans, engaged Horizon Development in 2001 to assist with the development of a 700 unit senior living community in Plainfield, Illinois.

We have recently completed phase I of this development which has a budget of over \$22 Million.

Through the entire process of designing, financing, and building Cedarlake Village, I have found the Horizon staff to be highly professional and dedicated.

We look forward to working with Horizon on future phases at Cedarlake Village.

Sincerely,

A handwritten signature in cursive script that reads "Michael Frigo".
