

Congratulations! Your business has earned the 2010 "Continued Excellence Award" for business landscapes!

Our Greenfield Beautification Committee judges are pleased that your business continues to maintain the outstanding landscaping that won your previous "Best Business Landscape" award.

It is businesses like yours that take pride in their organization, and contribute to a healthy business climate in our community. One of the principle aims of the Beautification Committee is to foster that pride and encourage others through our annual Landscape Award contest.

Enclosed is your award certificate for "Continued Excellence" in 2010. You may want to frame and display it in a prominent place for your clients and customers to view.

The members of the Greenfield Beautification Committee and the City of Greenfield offer our hearty congratulations. Thank you for adding beauty to our city and giving pleasure to us all! Keep up the good work!

Sincerely,

A handwritten signature in cursive script that reads "Joan Stevens".

Joan Stevens, Director
